13TH MARCH 2019: HEALTH VALLEY EVENT INTERNATIONAL 2019

What can you expect?

Health Valley Netherlands brings together for the first time all its international contacts, network regions, project partners and other international organizations. This to deliver an unprecedented possibility to engage with European stakeholders from different countries in an international setting. To find new business, partners and project opportunities. Discover this together with us and be part of an inspirational event. The participating regions have the necessary knowledge and expertise and thus the best network within the Life Sciences and Health sectors. Expand your reach and receive advice on international grants and projects. Acquire new knowledge about healthcare innovations in the Netherlands and abroad, during this unique event.

This day includes:

- Workshops on doing international business
- Matchmaking to find your ideal partner in EU and North America
- Matchmaking for European projects (Interreg, Horizon)
- Knowledge exchange
- Generating business opportunities
- Pitching your product, project or country/region
- Social network drinks & bites; make new friends!

Topics

You can find more information about current and new projects like:

- Aging well in the digital world
- Virtual reality for rehabilitation
- Health Technology and Delivery Systems
- Healthy Brain
- Personalized Health and Nutrition
- Medical materials
